

KATHESH EANOCK

SOFTWARE DEVELOPER

kathesheanock@gmail.com | [LinkedIn](#) | [Portfolio](#) | 9600531654

SUMMARY

Frontend Developer with hands-on experience across the full Software Development Life Cycle (SDLC) , building responsive and Interactive Web applications using React.js, TypeScript, and Tailwind CSS. Skilled in creating reusable UI components , optimizing Web Pages for performance. Committed to high-quality code through active participation in Code Reviews and collaborative workflows

SKILLS

Frontend: React.js, React Native, TypeScript, JavaScript, HTML, CSS, Node.js, Web Pages, Interactive Web.

Styling: Tailwind CSS, shadcn/ui

State & Data: Zustand, Redux, TanStack Query

Tools: Git, GitHub, REST APIs, VS Code

PROFESSIONAL EXPERIENCE

Triton Tech Labs — Software Developer

May 2024 – Present

Project: MadlacX

- Developed responsive and Interactive Web applications using React, TypeScript, and Tailwind CSS.
- Built reusable UI components to maintain a consistent design system and improve Accessibility across the application.
- Took full ownership of frontend responsibilities, including form handling, validations, and API integrations.
- Optimized application performance by improving state management with Zustand to maintain fast load times and reduce re-renders.
- Provided Technical Support and collaborated with backend/QA teams to deliver production-ready features.

Project: HawkEye

- Assisted in developing user interfaces with high Attention To Detail using React and Tailwind CSS.
- Converted complex UI designs into functional, responsive, and accessible Web Pages.
- Resolved UI bugs and performed Code Reviews to maintain high code quality and improve user experience.
- Gained hands-on experience with the Software Development Life Cycle in a collaborative team environment.

EDUCATION

Bachelor of Science in Computer Science

July 2024 – Present

Bharathidasan University

- Currently pursuing B.Sc. Computer Science
- Relevant coursework: Programming, Data Structures, Web Development
- Focused on software development and problem-solving skills

Diploma in Mechanical Engineering

May 2014 – May 2017

MSPVL Polytechnic College

- Relevant coursework in Structural Design and Project Management.

ADDITIONAL INFORMATION

- Languages:** English, Tamil , Malayalam.
- Interests:** Attention To detail, Project Responsibilities, and UI Accessibility.

KEY ACHIEVEMENTS

- Frontend Performance Optimization.** Improved application performance by optimizing React state management with Zustand and Redux, reducing unnecessary re-renders and improving load times by 30%.
- API Data Handling & Caching.** Integrated TanStack Query for efficient data fetching and caching, resulting in faster UI updates and reduced redundant API calls.
